Alternate Programming Guide AM/FM Motors

[Motolin: ML-543RS series]

Custom Label Format

The steps to edit caption on ML-543RS transmitter:

There are 15 customizable zone titles. Each digit can place a letter from **A to Z** or a number from **0-9**.

There are preset zone titles on channels **#0-5**:

- 0: ALL
- 1: Living room
- 2: Dining room
- 3: Bed room
- 4: Venetian blinds
- 5: Roller blinds / etc.

1. Press **CH+** or **CH-** button to select the channel to be edited.
2. Press **Edit** Button once, the first position will flash, then you can choose to press **UP** button or **Down** button to switch letters.

Press **Up** button, it will be switched to digits first, then alphabets, i.e. **12.....9AB.....Z**.

Press **Down** button, it will be switch to alphabets first, then digits, i.e. **AB.....Z12.....9**.

3. After you done with the first position, you press **CH+** to switch to the next position. then repeat the edit steps.
4. After you finished with all the positions you need to **edit**, press **Stop** button to exit the edit mode.

Note: submit, below buttons can be used during editing.

Edit Button to enter the editing mode.
